How languages work?

Interactive lectures on the nature of human language in English.
Our next topic is **LANGUAGE TYPOLOGY**

Which are the most and least common speech sounds?

What is an isolating language?

Word order important is why?

Open to all students and faculty!

Soma Selmeczy
Dept. of General and
Finno-Ugric Linguistics

This month's meeting will take place on **December 13th** at **17:30**
in **auditorium 325**.
